FINANCES OF THE DISTRICT OF COLUMBIA.

(Embracing Annual Reports of the Auditor, Assessor, and Collector of Taxes.)

WASHINGTON, *October 14, 1922.*

To the COMMISSIONERS OF THE DISTRICT OF COLUMBIA:

The financial transactions of the government of the District of Columbia during the fiscal year ended June 30, 1922, are set forth in the following tabulated statements marked "A" to "J," inclusive.

RECEIPTS AND EXPENDITURES.

APPROPRIATIONS.

The cash receipts of the District of Columbia for the fiscal year ended June 30, 1922, amounted to \$23,104,798.60, made up as follows: Revenue of the District of Columbia from taxes and miscellaneous sources, \$13,917,005.62; amount paid by the United States on account of its proportion of appropriations, \$9,187,792.98.

The collections from taxes on real estate for the fiscal year 1922 amounted to \$8,431,180.23; collections from taxes on personal property, including taxes on gross earnings and receipts of public utilities, banks, and building associations and on gross receipts of street railway companies, \$2,670,284.92; and collections from taxes on intangible personal property, \$949,058. Collections from miscellaneous sources, amounting to \$1,866,482.47, made up the balance of the District's revenue.

The sum of \$189,000 was transferred from the revenues of the District of Columbia to meet the payment of policemen's and firemen's pensions during the fiscal year 1922.

The cash expenditures for the fiscal year 1922 from appropriations amounted to \$22,929,019.99, classified as follows:

Protection of life and property.....	3, 738, 178. 17

TRUST AND SPECIAL FUNDS.

The collections on account of trust and special funds for the fiscal year 1922 amounted to \$2,821,526.78, water revenues representing \$1,096,619.02 of this total; policemen's and firemen's relief fund,

\$231,551.94; miscellaneous trust fund deposits, \$1,030,165.80; fund for redemption of real estate from tax sales, \$189,414.76; teachers' retirement fund, \$217,356.92; and the balance being collections for a number of miscellaneous trust and special funds.

The expenditures on account of trust and special funds during the fiscal year 1922 amounted to \$2,696,952.93. Included in this amount were expenditures for the water department, \$996,369.67; for the policemen's and firemen's relief fund, \$240,833.61; miscellaneous trust-fund deposits, \$953,035.87; Washington redemption fund, \$185,135.89; and teachers' retirement fund, \$259,848.57.

CASH BALANCES JUNE 30, 1922.

The cash balance to the credit of the general fund of the District of Columbia in the Treasury of the United States on June 30, 1922, amounted to \$7,579,677.58, and to the credit of trust and special funds, \$562,127.72. In addition to these amounts balances as shown by the accompanying statements were held to the credit of the disbursing officer of the District of Columbia with the Treasurer of the United States.

The difference between the general fund balance of \$7,579,677.58, stated above, and the surplus of revenues of the District of Columbia in the Treasury, referred to in the following paragraphs, is accounted for by the unexpended balances of appropriations of the District of Columbia on June 30, 1922. Provision is made from the revenues for the District's proportion of these appropriation balances, so that the surplus revenues represent moneys belonging to the District in the Treasury over and above all charges.

SURPLUS REVENUES.

On July 1, 1920, the surplus revenues of the District of Columbia in the Treasury of the United States, in excess of appropriations and other charges against such revenues to that date, amounted to \$4,648,666.69. This amount accumulated between June 30, 1916, and June 30, 1920, while the half-and-half plan of appropriating for the District was in operation. During the fiscal year 1921, the surplus revenues were increased by \$512,171.86, making a total of \$5,160,838.55 of surplus revenues belonging to the District on June 30, 1921.

The revenues of the District of Columbia for the fiscal year 1922, including credits arising from lapsed appropriations, available to meet appropriation charges of that year, amounted to \$14,315,760.74, from which the sum of \$189,000 was transferred to the credit of the policemen's and firemen's relief fund. This left \$14,126,760.74 to meet the District's proportion of appropriation charges for the fiscal year 1922.

The appropriations of the District of Columbia for the fiscal year 1922, payable by the United States and the District of Columbia, amounted to \$22,977,411.07. The charge against the District of Columbia under these appropriations totaled \$13,784,647.70. The appropriations payable wholly from the revenues of the District of Columbia amounted to \$240,162.75.

The receipts of the District of Columbia for the fiscal year 1922, available to meet its charges under appropriations, was \$14,126,760.74,

against which the total appropriation charges were \$13,784,647.70, leaving a balance of receipts of the District of Columbia for the fiscal year 1922, over and above all charges for that year of \$342,113.04. This amount added to the surplus revenues in the Treasury on June 30, 1921, namely, \$5,160,838.55, increased the total of surplus revenues of the District of Columbia in the Treasury on June 30, 1922, to \$5,502,951.59. From this amount must be deducted, however, \$825,603.69, arising because of differences in treating certain appropriations and revenues, which are considered in one fiscal year for tax-rate purposes, and in another year for accounting purposes. With these adjustments the real surplus revenues of the District on June 30, 1922, would amount to \$4,677,347.90, an increase of \$28,681.21, over the amount existing on June 30, 1920.

BONDED DEBT.

On June 30, 1921, the outstanding 3.65 per cent District of Columbia bonds amounted to \$4,915,750. During the fiscal year 1922, \$196,050 of these bonds were purchased and canceled, leaving the amount of bonds outstanding on June 30, 1922, \$4,719,700. The sinking-fund assets amount to \$4,563,465.62, thus making the net indebtedness of the District of Columbia on June 30, 1922, \$156,234.38. The District of Columbia has no other form of indebtedness than that represented by its outstanding 3.65 bonds.

No appropriation is made for interest and sinking fund for the fiscal year 1923, as the income derived from investments in United States bonds is more than sufficient to meet the payment of interest on the 3.65 bonds, nor is any appropriation for such purpose recommended for the fiscal year 1924.

The 50-year period for which the 3.65 bonds were issued, the issue being limited by law to \$15,000,000, will expire August 1, 1924. The sinking-fund assets, represented entirely by investments in bonds of the United States, will nearly be sufficient to take up the outstanding 3.65 bonds, although a further appropriation not exceeding \$200,000 may be required for this purpose, the amount of the appropriation depending entirely upon the price at which the investments may be sold.

The District of Columbia is, therefore, in splendid financial condition with an indebtedness of only \$156,234.38, and surplus revenues in the Treasury of \$5,502,951.59.

ASSESSMENT OF REAL AND PERSONAL PROPERTY.

The act of Congress approved September 1, 1916, provides that real estate in the District of Columbia shall be assessed every two years. The assessment beginning July 1, 1921, i. e., for the fiscal year 1922, is as follows:

Assessed value of land \$224,333,810; assessed value of improvements \$248,540,399; or a total assessment of real estate in the District of Columbia for the fiscal year ending June 30, 1922, of \$472,874,209. Against this assessment a rate of \$1.82 per hundred dollars was levied, making a tax of \$8,606,310.60.

For the previous year the assessment amounted to \$434,794,786, which at a rate of \$1.95 per hundred dollars, yielded a tax of \$8,478,498.33.

Sewer assessments are levied under two acts, April 22, 1904, and June 5, 1920.

The District of Columbia appropriation bill approved June 5, 1920, provides, among other things, that—

The rates of assessment for laying or constructing water mains and service sewers in the District of Columbia under the provisions of the act entitled, "An act authorizing the laying of water mains and service sewers in the District of Columbia, the levying of assessments therefor, and for other purposes," approved April 22, 1904, are hereby increased from \$1.25 to \$2 and \$1 to \$1.50, respectively, per linear front foot for any water mains and service sewers constructed or laid during the fiscal year 1921.

PERSONAL TAX ASSESSMENTS.

The personal tax levy for the fiscal year 1922 had a grand total of \$4,106,443.13, derived from three classes of assessment. First, an amount derived from a levy of 1.82 per cent on household furniture (above \$1,000 value), merchandise, jewelry, boats, vehicles, horses, etc., or what is commonly known as tangible personal property; this equals \$1,539,118.59; second, from a tax on the gross earnings of banks, trust companies, and public service corporations, or an amount of \$1,470,075.08; third, from the tax on moneys and credits, including moneys loaned and invested, bonds and shares of stock, or what is generally known as intangible personal property; this amounts to \$1,007,249.46.

BIENNIAL ASSESSMENT OF REAL ESTATE.

The biennial assessment of real estate which is to be completed by the three assistant assessors by the 1st of January, 1923, will be open to inspection and review from the first Monday in January to the first Monday in June, 1923.

YEARLY ASSESSMENT.

Under the act of 1894 (28 Stats., 282), the annual assessment of new structures and additions was completed in July, 1922, and added to the general assessment for the ensuing fiscal year, the total assessment of the new improvements being a little over \$2,586,000.

FULL VALUE ASSESSMENTS.

By an act of Congress approved July 1, 1902, Public No. 218, it is provided, "That hereafter all real estate in the District of Columbia, subject to taxation, including improvements thereon, shall be assessed at not less than two-thirds of the true value thereof."

Taxes paid in May, 1922, were based on the biennial assessment that became effective July 1, 1921, and, under the then existing provisions of law, the current assessment would have continued as a basis until June 30, 1923. By an act of Congress approved June 29, 1922, Public No. 256 (District appropriation bill), it is provided, among other things, that "there is levied for each of the fiscal years ending June 30, 1923, 1924, 1925, 1926, and 1927 a tax at such rate on the full value, and no less, of all real estate and tangible personal property subject to taxation in the District of Columbia, etc."

This last provision of law therefore requires the assessments of the District of Columbia, beginning with July 1, 1922, to be listed at full value for purposes of taxation. The last biennial assessment noted above as commencing on July 1, 1921, was based on field work pursued during the year 1920, and the endeavor of the office was to arrive at such figures as would represent two-thirds of a fair market value in which the influence of war prices was reduced to a minimum.

In the act of June 29, 1922, the term "full value" was intended to repeal the use of the term "two-thirds value," and thus compels all future assessments to be at "full true value."

WATER-MAIN TAX DIVISION.

During the fiscal year ended June 30, 1922, the water-main tax division levied assessments in the amount of \$112,684.91, as against \$66,667.46 for the same period ending June 30, 1921, making an increase of \$46,017.45.

The itemized collections follow:

TRANSFERS AND SALES OF PROPERTY.

During the past year the assessor's office has entered data relating to the transfer of 13,433 pieces of property, as compared with 16,405 of last year. One clerk is employed continually in examining deeds in the land records of the District of Columbia (recorder of deeds' office), and a short reference or brief of each transfer is entered on loose leaves, afterwards being permanently bound in book form, which become transfer books of ready reference.

SUMMARY.

The assessor has prepared 28 assessment ledgers, giving a complete record of all taxable real and personal property within the District of Columbia. The accounts in these ledgers are arranged alphabetically, giving the name of the individual or corporation owning real estate or personal property.

In addition to the above, the office continually revises its cards and records to correspond to the new lot numbers in the city, made by subdivisions recorded with the District surveyor.
